A Knowledge of the Supplies, *with the* Ways and Means *for raiſing them, muſt be uſeful to every Man of Property in the Kingdom; in this Collection the Services and Sums are ſpecified, in each Year, with their reſpective Dates, from the Revolution, (the grand Æra of our Conſtitution) to the preſent Time, in a conciſe Manner.*

Since the firſt Publication of this Work, ſome Months ago, having heard of various Opinions about the Compiler, and finding that ſome Perſons have looked upon it as an Abridgment, and a Bookſeller's Catch-Penny, under a fictitious Name; in Order to aſſure the Public of it's Genuineſs, I acknowledge myſelf the Author of it; and take the Liberty of mentioning, that it was the Employment of my leiſure Hours laſt Summer; without being appriſed there was any Work of the like Sort, as I have been ſince informed there is, publiſhed by Mr. Poſtlethwayte, *in a large Folio Volume *; which, having peruſed, I find it compoſed of a Variety of Matter, blended together, with Part of it like mine. Notwithſtanding this, I flatter myſelf, my* Brother Members, *for whoſe Uſe I drew it up, may acquire ſome Knowledge by the preſent Collection.*

To render it more complete, I have compared it with the Journals of the Houſe of Commons: and I am happy to find ſo general an Approbation of the Work.

AS a Knowledge of the SUPPLIES, *with the* WAYS and MEANS *for raiſing them, muſt be uſeful to every Member of the Community, I take for granted this Collection will be very acceptable to the Public, where the Services and Sums are ſpecified, diſtinguiſhing each Year, and the reſpective Dates, from the Revolution (the grand Æra of our Conſtitution) to the preſent Time, in a new and conciſe Manner.*

There need no Annotations to ſuch a Work as this, where Information and Facts are only neceſſary; nor any Preface to uſher in the Performance further than an Explanation of two Words, not commonly made Uſe of, viz. in 1710, Agio, *ſignifying the Price of Exchange, and in* 1760, Wadſett Sums, *which are Charges on Eſtates in* Scotland, *and nearly the ſame as Mortgages, or Judgments in* England.

In Order to render this Book more correct, I have compared the ſeveral Parts with the Journals, and ſhall be happy if my Brother Members (for whoſe Benefit I drew it up) may receive Inſtruction from it.
